Where can I get the vaccine?

The autumn booster vaccine is the **single most effective way** to protect people over 65 and clinically vulnerable people from severe illness and hospitalisation if they catch Covid-19 this winter.

Who can get the vaccine?

You can get a seasonal **Covid-19** vaccine if you are:

- aged 65 or over
- clinically vulnerable
- pregnant
- a frontline health or social care worker
- a carer
- living with someone with a weak immune system

How can I get the vaccine?
